

Pansy Division, Anthem

We're here to tell you, ya better make way
We're queer rockers in your face today
We can't relate to Judy Garland
It's a new generation of music calling
We're the buttfuckers of rock & roll
we wanna sock it to your hole
With loud guitars, we're gay and proud
We gonna get ya with your pants down
Closeted rockers, we've heard of a few
They won't risk their careers to come out to you
We have no such deceptions, no such ploys
We make it clear we wanna sleep with boys
We're buttfuckers of rock and roll
we wanna sock it to your hole
We don't care if you're top or bottom
Just use your asshole, everyone's got 'em
We do love rock and roll, it's true
But that boy-meets-girl stuff just won't do
We got condoms, got our lube
We know how to use 'em, how 'bout you?
We are the buttfuckers of rock and roll
We wanna sock it to your hole
Latino, Asian, white, or black
We're gonna getcha on your back
