

Pansy Division, Flower

Everytime I see your face
I get all wet between my legs
Everytime you pass me by
I heave a sigh of pain
Everytime I see your face
I think of things unpure, unchaste
I wanna fuck you like a dog
Take you home and make you like it
Everything you ever wanted
Everything you ever thought of
Everything I'll do to you
I'll fuck you in your union suit
Your face reminds me of a flower
Kind of like you're underwater
Hair's too long and in your eyes
Your lips are perfect suck-me size
You act like you're 14 years old
Everything you say is so
Obnoxious, funny, true, and me
I wanna be your blow-job queen
You're probably shy and introspective
That's not part of my objective
I just want your fresh young Jimmy
Sliding, slamming, ramming in me
Everytime I see your face
I think of things unpure, unchaste
I wanna fuck you like a dog
Take you home and make you like it
Everything you ever wanted
Everything you ever thought of
Everything I'll do to you
I'll fuck you till your dick is blue
