

# Pansy Division, Not Enough Of You To Go Around

Well i have to kick back and laugh  
Recalling stories about you  
All your old friends still in town  
Say nothing but good things about you  
They all want you, just like i do  
They're found what i've found  
There's not enough of you to go around  
When your phone number came my way  
It was the last thing i expected  
But i had to crack a smile  
When i found it disconnected  
The months pass without contact  
Used to it by now, cause  
There's not enough of you to go around  
Time's become long now  
I wonder if you're forgetting  
The new friends that you've found  
Are sure to learn that lesson  
They all love you, like i love you  
You're sweetest boy i've found  
But there's not enough of you to go around  
There's not enough of you to go around  
There's not enough of you to go around
