

# Pantera, Hot And Heavy

You say that  
You want a piece of me  
Well baby  
Take a big bite  
Too much to believe  
That's what I like  
I've been known  
To blow my top  
Just to get my kix  
I might eat  
Your heart out  
Just to get my kix

I've got a line on U  
I've got my ize on U  
I'm gonna luv U  
Black and blue  
I'm cummin' down on U

I'm burnin' hot  
HOT AND HEAVY  
It's what I want  
HOT AND HEAVY

Take a look at  
My ice cream cone baby  
Go ahead take a lick  
Can't wait  
To take you home  
Beat you with my stick  
I've seen what  
You got before  
But I'd like  
To see it again  
It's red hot  
That's for sure  
Tell me girl  
Where and when
