

Pantera, I walk alone[Batista's theme]

I walk for miles inside this pit of danger.
A place where no one follows me, I walk alone.
I'm sick of all these people talkin' out their heads.
I've never understood a damn thing that they said.
From words to actions never knowing what they're about.
I guess I'll have to chew them up and spit them out.

And I'll say!

I walked for miles inside this pit of danger.
I've swallowed down a thousand years of anger.
The weight of the world is falling on my shoulders.
A place where no one follows me I walk alone
I walk alone.

Yeah.

I walked for miles inside this pit of danger.
I've swallowed down a thousand years of anger.
The weight of the world is falling on my shoulders.
A place where no one follows me I walk alone.
I walk alone.
