

Pantera, Over & Out

Slaveing for eternity
Aiming for construction
Wreckless crew abandon me
Bringing on destruction
Primal needs, annoying ways
Incapacitation!!!!!!!!!!!!!!!
A legacy of submankind
Who seem to rule this nation

Out of touch with your life
Can' t you see the signs
For me to know
Can you find out
Read between the lines

No way out
When the cat goes away
Over and out
The mice come out and play

Unrelentless trilogy
Asking to accept them
Tempers flare
Screams are heard
To uphold the profession
Time and time and times again
I will not play your game
I ask you once a billion times
To keep your life the same

Prechorus

No way out
When the cat goes away
Over and out
The mice come out and play
No way out
The price that you must pay
Over and out
Ev'ry dog has it's day
