

# Pantera, Right On The Edge

Shot rings out  
Hear somebody scream  
Nightmare  
Caught up in a fantasy  
Tied up  
Fear's workin' overtime  
Wrecks my sanity  
Lay down  
Ear touched the floor  
Telephone rings  
It's someone at the door  
It's alright  
Just the paperboy  
Hear with the magazines

Can't you see I'm  
RIGHT ON THE EDGE  
On the verge  
Of going crazee  
My whole life's been livin'  
RIGHT ON THE EDGE  
Don't you try and stop me  
Life is drivin' me insane

Lights out  
Can't see a damn thing  
Shot down  
Eyes of a hurricane  
It's all wrong  
Stumble outa bed  
Reach for a cigarette  
Busted  
Runnin' in the dead of nite  
Locked up  
Back of a black and white  
Too late  
Gotta pay the price  
Luck's runnin' out again

Can't you see I'm  
RIGHT ON THE EDGE  
On the verge  
Of going crazee  
My whole life's been livin'  
RIGHT ON THE EDGE  
Don't you try and stop me  
Life is drivin' me insane

I'M NOT CRAZEE!!!!!!!
