

# Pantera, Widowmaker

a way

She's so sweet  
She knows  
All the women call her heatbreaker  
I just call her my widowmaker

She's so hot  
Under the lights  
She's so sexy  
Every night  
They all come to see her play  
All the women call her heatbreaker  
I just call her my widowmaker

Rock and roll widowmaker  
heartbreaker  
No you can not take her  
Oh, there she goes

-Solo-

My widowmaker

She's so sweet  
She knows the  
All the women call her heatbreaker  
I just call her my widowmaker
