## Pantera, Widowmaker

a way

She's so sweet She knows All the women call her heatbreaker I just call her my widowmaker

She's so hot
Under the lights
She's so sexy
Every night
They all come to see her play
All the women call her heatbreaker
I just call her my widowmaker

Rock and roll widowmaker heartbreaker No you can not take her Oh, there she goes

-Solo-

My widowmaker

She's so sweet She knows the All the women call her heatbreaker I just call her my widowmaker
