## Panzer AG, Paper Angels

Look at me who's your daddy now Bringing your candy satisfaction guaranteed There's war that's what we men are built for I am entertainment I bring the battle to your door

Old machines marching through your sweets Sound of steel tearing through your body How does it feel now that I am in control? How does it feel now that I am you?

I never wanted
I never needed
Anything like this before
I never wanted
I never needed
Anything like this before

Look at me who's your daddy now Bringing your candy satisfaction guaranteed There's war that's what we men are built for I am entertainment I bring the battle to your door

I love your guns uhuh Well I need the freedom I'm free but I'm still owned I love your guns uhuh that's right Black they shoot whites they just sell you

We're the kings of filth and fire of gore Assassination of free will Off to a camp fleeing a dirty war

I never wanted
I never needed
Anything like this before
I never wanted
I never needed
Anything like this before
I never wanted
I never wanted
I never needed
Anything like this before
I never meeded
I never wanted
I never wanted
I never needed

I love your guns uhuh I love your guns uhuh that's right

I never wanted I never needed Anything like this before I never wanted I never needed Anything like this before I never wanted I never needed Anything like this before I never wanted I never needed Anything like this before I never wanted I never needed Anything like this before I never wanted I never needed Anything like this before I never wanted
