

# Paolo Nutini, Loving You

Ohh ohhh woww yea  
Back off loneliness and hello tenderness  
I've been waiting for your call for so long  
And it musta been hard just to follow your soul  
To stick to the road that your heart wants you to go  
And as you slide through the door  
With your morals on your sleeve  
And I think it's time for all those morals to leave  
So let's get down and freaky baby, let's get restless baby  
C'mon get crazy with me

And I said  
When you're loving me, I'm loving you  
And I love the prowess in the things that you do  
And its your flawless soul that bleeds my stone  
And when you're loving me I'm loving you and that's when we've got it goin' on

Oooooo so many people think we've got it wrong  
They all try to break us but we wont play along  
So let's get down and dirty baby, let's get restless baby  
C'mon get crazy with me

And I said  
When you're loving me, I'm loving you  
And I love the prowess in the things that you do  
And its your flawless soul that bleeds my stone  
And when you're loving me I'm loving you and that's when we've got it goin' on  
Oh goin on and I was so distracted I was lost and abandoned  
And I needed another home and you flew in my arms you just flew right into my arms

And when you're loving me, I'm loving you  
And I love the prowess in the things that you do  
And it's your flawless soul that bleeds my stone  
And when you're loving me I'm loving you and that's when we've got it goin' on

When you're loving me, I'm loving you  
And I love the prowess in the things that you do  
And it's your flawless soul that bleeds my stone  
And when you're loving me I'm loving you and that's when we've got it goin' on  
On and on  
And it's your flawless soul that bleeds my stone  
And when you're loving me I'm loving you and that's when we've got it goin' on
