

# Paolo Nutini, Rewind

Pickin up the pieces  
Of the wreck you went and left  
And I'm dealing with dilemmas  
In my not-so-stressful life  
And I'm drinking stronger spirits  
I made my home here on the floor  
And I'm losing all ambition and goals

And I'm going all out  
And I'm thinking you're just as bad

No sleeping at night  
But I'm going from bar to bar  
Why can't we just rewind  
Why can't we just rewind  
Why can't we just rewind

Oh remember at 16  
Oh the crazy drunken night we had  
When I kissed you in the hallway  
Then I took you straight to bed

Well two years on  
And I'm still that same boy

And I'm not sleeping at night  
But I'm going from bar to bar  
Why can't we just rewind  
Why can't we just rewind  
Why can't we just rewind oh

No sleeping at night  
But I'm going from bar to bar  
Why can't we just rewind  
Why can't we just rewind  
Why can't we just rewind oh

You might blame it on me  
But you persisted that we fall  
Wiped your hands of me  
And said you needed more, more, more

And I'm not sleeping at night  
But I'm going from bar to bar  
Why can't we just rewind  
Why can't we just rewind  
Why can't we just rewind oh

And I'm not sleeping at night  
But I'm going from bar to bar  
Why can't we just rewind  
Why can't we just rewind  
Why can't we just rewind oh

Wo woah woah woah  
Wo woah woah woah  
Wo wo woah  
Can't we just rewind
