

Paolo Nutini, Still Crazy

Shut me out completely,
That would not be such a sin.
Lock up every entry,
Make sure that there's no way for me to get in
Won't try to pry them open,
Never mind knock upon your doors.
Truth is that there's no reason for me to even see your face anymore.

But I need you ears and I need them now I've got something to say,
I'm not here today to win you back just to remind you that.

Sure as the rain starts to fall,
Yes I'll always remember you dear.
And though we don't talk anymore.
I was crazy for you; yes I was crazy for you, that's for sure.

Nothings ever easy, I think we both know that it's true.
I was convinced you loved me, and I was pretty sure that I loved you too,
When was our final moment "what sealed our fates," might have beens.
When was my fatal error? "What" changed the way you thought of me ever since.

Cos I made you smile and I made you laugh, i made nice gestures and surprised you enough?
But I made you come, but I made you cry,
I wish this was true but I'm not gonna lie.

So sure as the rain starts to fall,
Yes I'll always remember you close
And though we don't touch anymore.
I was crazy for you; I'm still crazy for you, that's for sure.
Still crazy for you, still crazy for you, still crazy for you
