

# Paolo Nutini, Tumbling Down

I see the sunlight  
I see the rain  
I feel the river flow like it's running through my veins  
there is a fire it's burning  
and I feel this pain  
there's a storm alive in the sky till now  
and we won't ever be the same  
there's nowhere left to hide  
your pretty face  
it's making a move for every place  
tonight we'll leave  
I guess that's how it's gotta be  
and the world, the world comes tumbling down  
and I wish I could stay  
but I know it will never be that way  
and the world, the world comes tumbling down  
the world comes tumbling down  
I can't believe it  
you'll never stay  
but it's now too long and some got above  
but now there's nothing left to say  
who makes the reasons  
who tells us why  
but if you would heard about you shout aloud  
I wish you leave me here to die  
there's nowhere left to hide  
your pretty face  
it's making a move forever with the lace  
tonight we'll leave  
I guess that's how it's gotta to be  
and the world, the world comes tumbling down  
and I wish I could stay  
but I know it will never be that way  
and the world, the world comes tumbling down  
the world comes tumbling down  
and my friends, my friends keep telling me  
dry your eyes mate  
I know it's hard to take but her mind has been made up  
there's plenty more fish in the sea  
dry your eyes mate  
I know you want to make her see how much this pain hurts  
but you've got to walk away now it's over  
won't let this world keep tumbling down  
won't let this world keep tumbling down  
won't let this world keep tumbling down  
owh no no no no  
won't let this world keep tumbling down  
won't let this world keep tumbling down  
won't let this world keep tumbling down  
owh no no no no  
tonight we'll leave  
I guess that's how it's got to be  
and the world, the world comes tumbling down  
and I wish I could stay  
but I know it will never be that way  
and the world, the world comes tumbling down  
world comes tumbling down
