

Paolo Santos, Waiting In Vain-- Paolo Santos

from the very first time
i laid my eyes on you, boy
my heart says follow through
but i know now that im way down
on the line
but the waiting feels just fine
so dont treat me
like a puppet on a string
cos i know how to do my thing
dont talk to me
as if you think im done
i wanna know when your gonna come..hmmm...

' i dont want to wait in vain
for your love
i dont want to wait in vain
for your love
i dont want to wait in vain for your love
cos if summer is here
im still waiting there
winter is here
and im still waitinf there
i wanna know now

its been three years
since im knocking on your door
and i still can knock some more
oohh boy...oohh boy...
is it feasible?
i wanna know now
before i knock some more
i / you say in life
i know that there's a lot of dream
but your love is my relief
tears in my eyes burn
tears in my eyes burn
but im waiting,
but im waiting for my turn
see...

,

I wanna know now...
I wanna know now...
I wanna know now...
I wanna know now...

ooh boy...
ooh boy...

I wanna know now...
