Paolo Santos, You Got Me Up

There was a time
When I was so down
Of feeling I just can't explain
I was abandoned by the one
I really love
And I felt so/too much of pain

And yes you came along
Sat next beside me
And a feeling of joy
Came out from inside me
You never left my sight
You've always been so kind
Yes you were there
To clear all the love
that's messing in my mind

baby, you got me up
you got me up on my feet again
you got me up
you got me up on my feet again

You were always there to help me
Even though big problems arise
And you never hesitated
To keep the feeling inside
Of us alive

Oh, you never let me take a fall
Even pulled me up
And didn't let go at all
Don't you baby, don't you baby
