One way they say one way,

One say or lives one if will feeling  
DJ now's be sunshine all all life  
every hours still a comes ten all the time.  
Some saying what the saying  
could be in question of time,  
everything is alright.  
Some say that what you feel is real  
it's just a matter of trust,  
everything is alright.  
One say or lives one if will feeling  
DJ now's be sunshine all all life  
every hours still comes ten all the time.

every hours still comes ten all the time.
