

# Papa Dance, It's a simple song

It's a simple song  
I'll do the music, you'll tell the story  
It's a simple song  
You'll make a reason, I'll say: we're sorry  
I will call her man  
Don't be sad, baby  
It's a simple song  
No one's a sinner, no one's a winner  
Ref. Two young hearts feel the strange emotion  
Friends like us sharing one love potion  
I think I have a chance  
When I tried it, she put your hand  
I don't know, how they hold and started  
Move the mouths and been broken hearted  
Tell me you is too blame  
Did she mention you know my name  
It's a simple song  
She was a beauty goddess divided  
It's a simple song  
It turns the matter, what she decided  
I will call her man  
Don't be sad, baby  
It's a simple song  
I'd finished romance - two man, one woman  
Ref.  
I'd finished romance  
Two man, one woman
