

Papa Roach, Gouge Away

Gouge away
You can gouge away
Stay all day
If you want to

Missy aggravation
Some sacred questions
You stroke my locks
Some marijuana
If you got some

Gouge away
You can gouge away
Stay all day
If you want to

Sleeping on your belly
You break my arms
You spoon my eyes
Been rubbing a bad charm
With holy fingers

Gouge away
You can gouge away
Stay all day
If you want to

Chained to the pillars
A three day party
I break the walls
And kill us all
With holy fingers

Gouge away
You can gouge away
Stay all day
If you want to
