

# Papa Roach, Sometimes

I'm dreamin about tomorrow, I'm thinkin of yesterday, I consume myself in sorrow this moment in time  
I am searching for the answers

[Chorus]

I look around sometimes I get sad, 'Cause I don't know which way to go, I look around sometimes I  
is spinning out of control

I never know what you want, I never know what you need, it was different from the start, when you  
thought I would bleed, but I am searching for the answers

[Chorus]

I will go this alone I don't need nobody's help, I've got to do this myself, Alone, Alone, Alone, Alone

[Chorus x2]
