

# Paperback Hero, Numb

I, I don't care about you  
I don't care about  
All those things you say they put you through  
And I, don't wanna hear about you  
Don't wanna hear about  
Every little single thing you do  
You never shut up for a time  
Always talking all the time, about you  
I, don't wanna know about you  
Don't wanna know about  
How I'm wrong and what I've done to you  
And I could give a damn about you  
Could give a damn about  
All your friends and who is doing who  
You never shut up for a time  
Always talking all the time, about you  
Done with you, say what you're going to say  
Now I'm done with you  
Your words they just get in the way  
You make me numb, you make me numb  
I, I think it's such a bore  
Such a bore that  
No one wants to hear you anymore  
And I, wish you'd walk out that door  
Wish you'd walk out and  
Never come around here anymore  
You never shut up for a time  
Always talking all the time, about you  
Done with you, say what you're going to say  
Now I'm done with you  
Your words they just get in the way  
You make me numb, you make me numb  
You never shut up for a time  
Always squawking all the time  
Just shut up for a time  
about you  
Done with you  
Say what you're going to say  
Now I'm done with you  
Don't hear anything that you say  
Done with you  
Now I'm done with you
