

Paps`N`Skar, Twilight Of Love

Oh baby Dam dad a dan down Dam dad a dam down dam down we can make forever
Oh baby Dan dad a dan down Dam dad a dam down dam down you can make forever

I know it will come□
Someone who'll take my place and I'll be standing here, watching on
Because I've learned□
To sit and wait around and round because
I never gonna find the feeling ain't it deep is it?
You never went to see and feel my needs
Vampire's gonna stop the wolf□ that don't mind
I never felt so alive

Oh baby, come if you're ready for a new life, is waiting for a twilight of love
Oh baby come are you working for a new life, is waiting for, a twilight of love
Oh baby Dam dad a dan down Dam dad a dam down dam down we can make forever
Oh baby Dan dad a dan down Dam dad a dam down dam down you can make forever
Follow the sun, a liar can see who can never wait and turn around
never this way, the haze is gonna find your way
remember that
I never gonna find the feeling ain't it deep is it?
You never went to see and feel my needs
Vampire's gonna stop the wolf□ that don't mind
I never felt so alive

Oh baby, come if you're ready for a new life is waiting for, a twilight of love
Oh baby come are you working for a new life is waiting for, a twilight of love
Oh baby Dam dad a dan down Dam dad a dam down dam down we can make forever
Is There gonna be a place away where you'll be mine
Is There gonna be a place away to feel so right
Oh baby, come if you're ready for a new life is waiting for
Oh baby come are you working for a new life is waiting for, a twilight of love
