

Paradise Now!, The Common Me

I mean What I'm sayin' Or at least I'd like To be that way
I feel What I'm feelin' I can not choose, It's just comin' Over me
Meanin' Feelin'

Human, this is what I'd like to be And if you know Somethin' About this maybe You can help me
What I am what I am What I am like? Who's that person?

I see What I'm doin' Sometimes I think I watch myself

I know My dreams will Be ruined If the common-me In me Kills the other half

Seein' Knowin'

Human, this is what I'd like to be And if you know Somethin' About this maybe You can help me

What I am what I am What I am like? Who's that person?
