

# Parali, Jahjudgement day

So listen now

You dirty politicians

You spent our money on your wicked games

Did you forget how to be the slaves?

ref. I say that there will be the time

When the JAH judgement day comes.

JAH judgement day

Will be your darkest night

Some of you talk about love

But your mind is full of lust

It's a Babylon invasion, mad situation

You won't have my trust.

ref. I say that there will be the time

When the JAH judgement day comes.

JAH judgement day

Will be your darkest night.

Politicians can't break me,

Can't scare me

Because they didn't create me.

JAH judgement day

Will break you

Will scare you

ref. I say that there will be the time

When the JAH judgement day comes.

JAH judgement day

Will be your darkest night.
