

# Pariah, Puppet Regime

From this moment on we own your soul  
we'll manipulate your future  
we'll tell you how to look -- what to do and say  
you get fame -- we get power  
Don't worry about a thing  
don't even try to sing  
your talent's just a stumbling block  
(when you're)  
subjects! in our puppet regime  
(in our puppet regime)  
subjects! in our puppet regime  
(in our puppet regime)  
Blaze of publicity -- we'll galvanize your name.  
with manufactured illusions  
we'll make you fit the scene -- then serve  
you on a plate  
siphon the public's conclusions  
Don't worry about a thing  
don't even try to sing  
your talent's just a stumbling block  
(when you're)  
subjects! in our puppet regime  
(in our puppet regime)  
subjects! in our puppet regime  
(in our puppet regime)
