

Park, Clue Me In

Two cigarettes
flying close together
trying their best to forget...
the heating in their chest.
One says I'm sorry
if I made you sad.
I just wanted to kiss you,
to say that i had.

Nights like this
it's you I miss.
Is this the effect you expected to get?
So caught up and clueless...
and all these conclusions.
Sorry I let you down
just being myself.

Clue Me In
Exercise caution but tell me again.
Clue Me In
Exercise caution but tell me again.

Nights like this
I catch up with
this camera's eye...
and you're so shy
and it's you I miss.

Wide eyed;
angled release;
Smoke me down to the filter.

Clue Me In
Exercise caution but tell me again.
Clue Me In
Exercise caution but tell me again.

One says i'm sorry
if i made you sad.
I just wanted to break you...
to say that I had.
