

Parokya Ni Edgar, Y?

Search your mind for the questions
Of the answers that I seek
Close your eyes just imagine
Us together walking down the street

Do you think this is crazy
I don't know that of which I speak
I don't care just as long as you are there
Watching, listening, or swaying to the beat

Tell me why should it matter
Tell me why should I even care
Of the things that could go wrong
Baby I can't hold for long
For you to know that I am there
Tell me why

Hear the words that I'm saying
Hear them echo in your heart
For I know at this moment

I know that I have done my part...done my part
