

Part Six, Want Ya

Vers1:

Walk into the party
I can feel your eyes on me as I walk in
Lets get this business started
Its time to make my move
You only get one shot
I push up on your body
Now I finally have us standin face to face
Away from everybody
I gotta throw a line
To show you what Ive got

Bridge:

I say:" Shorty, heres my cue! "
Cuz I just had to talk to U
And I can tell u want it, too
I said I need to get with U

Chorus:

Girl, its goin down tonight
Im gonna make you mine
Cant you see? I want ya, I want ya girl!
Ive been checkin U all nite
So whats the point of lying?
Now cant you see I want ya,I want ya girl!

Vers2:

Now I can be committed
Ill work that body like a nine to five
I might as well admit it
And as I grab your hips
I watch U lick your lips

You know Im about to kiss U
Cant wait to taste the honey from the hive
To think I almost missed U
And now Im standing here about
To cash my chips

Bridge:

I say:"Shoty, heres my cue"
Cuz I just had to talk to U
And I can tell u want it, too
I said I need to get with U

Chorus:

Oh Girl, its goin down tonight
Im gonna make you mine
Cant you see I want ya, I want ya girl!
Ive been checkin u all nite
So whats the point of lying
Now cant you see I want ya,I want ya girl!

....

Yeah
Oh girl
I think it's time to get together
Now everybody dance ...
Part Six...
I'm gonna make you mine oh

....

Chorus:

Girl, its goin down tonight

Im gonna make you mine
cant you see I want ya, I want ya girl!
Ive been checkin u all nite
So whats the point of lying
Now cant you see I want ya,I want ya girl!

Girl, its goin down tonight
Im gonna make you mine
Cant you see I want ya, I want ya girl!
Ive been checkin u all nite
so whats the point of lying
now cant you see I want ya,I want ya girl!
