

Partisans, 17 Years Of Hell

17 years of hell and I just can't take it anymore
Its been 17 years of hell and no one has really cared for me before
All my friends said I would fail or I would end up on the run
Its been 17 years of hell and now I wanna have some fun
Because they've given me 17 years 17 years 17 years of hell
Its been 17 years OF HELL now what am I supposed to do
Its been 17 years OF HELL but I can't think of anything new
Now my future seems so bleak theres nowhere I can go
Its been 17 years OF HELL and my life has been going to slow
Because they've given me 17 years 17 years 17 years of hell
