

# Partners N Crime, Lock Up The Lab

[Mista Meanor]

Got to make them pay, ok  
We got to peep out the plate  
Cause niggas is kickin' in doors, and  
Killin' niggas every day  
First thing's first  
We need some balls on this bitch  
Cause if they kickin' in doors man we gone be sick  
Prime round up the crew because we need to have a meetin'  
Plus I seen his Cutlass on the corner so they creepin'  
Beep DE-Del's he got a Fully Automatic  
Hit Landen on the phone and let him know but the static  
Catch the door because I hear somebody knockin'  
Grab the Glock because you know they out there plottin'  
It's the crew, let 'em in it's about time  
Cause niggas is gettin' to lax in this  
Fuckin' World of crime  
Fella's take a seat and listen to what I have to say  
Some niggas in a Cutlass try'na bring the noise our way  
Peeped his game, I got a plot on them snitches  
We Lock up the lab and put an ends to them bitches  
Tim you got an Nine an AK and a Automatic  
Threat got to get the Tec's out that mother fuckin' attic  
Drama Squad I held this fuckin' meetin' for a reason  
Cause it's 95 the playa haters fuckin' season  
All for one, one for all that's how we ball  
There's Muslims in the hood  
Out there slangin' furl call  
I tell you the truth, I tell you no lie  
I hope I die cause Drama Squad is takin' over 95  
His game is cold, we got to be colder cause we older and  
Since we older we got to be fightin' like fuckin' soldiers  
Cause I ain't goin' down for no niggas nor no feds  
The best thing we need to do is  
Lock up the Lab

[Kangol Slim]

Now Meanor I peeped yo block  
Now peep this  
I say we mob up and turn them niggas into Swiss  
Cheese that is got to beep Landen for the 95  
Cause niggas be takin' no jobs  
They want a nigga dead or alive that ain't shibe  
Lock up the Lab, put away the Slab  
Laugh it's gonna be a bloody blood  
By a nigga try'na take my dividends  
Still got a friend Benjamin Franklin  
Check his plot so there's proof  
Meanor get on that roof  
Call me and he gone be a goner  
Somebody be strong on that corner  
Everybody run behind a tree  
Lookin' for the Bee's if they move then squeeze  
Triggers on yo gun  
Yeah we bout to have a Lil' fun

[Gun Shots]
