I might like me a trick  
But I don't Love 'em Thoe

[Chorus]

Cause I Don't Love 'em Thoe  
[x3]

[Mista Meanor]

Remember that One-90-One  
I g'd that girl once again  
I made her switch her foul mood and  
Jump on her best friend  
Now some may call me a dog and  
Others say it's a shame  
But it's an Big Boy thang and  
I'm ture to da game  
Now this girl had some ducats  
She had a car yeah buck it  
But it didn't bother me cause you know  
That I stuck it  
Then I hit that girl on the fast and  
Had to dash and let that broad know  
That my name is Mista Meanor and  
I still Don't Love 'em Thoe

[Chorus x3]

[Kangol Slim]

You remember that chick I met on a Sunday night  
I took her to the Teli on an all night flight  
I rock it back back forth n forth  
I made her feel so good 'til she almost crooked and  
When I caught me a nut  
The chick said she wanted ends  
I said chick you must be sick cause I ain't gettin' up no dividends  
Before I hit the door through on my rope and my Kangol  
I told you before  
I still Don't Love 'em Thoe

[Chorus x3]

[Kangol Slim]

These girls out here say they want them a trick  
But my name is Kangol Slim and all I'm givin' is stick
