

# Party World, When You Come Back To Me

just afloat on the sea  
find myself on a page of history  
you know as i ride along  
i can always hear the song  
about you,  
and where you're meant to be  
you're going to tell me the answers  
i'll know  
when you come back to me

if we should fall  
love will catch us every time  
i hear you call , i will run  
and if the magic of the adventure overcomes  
we won't cry because it could be fun  
well , i'm going to tell you the answers  
you'll know  
when you come back to me

it will be alright when you come back to me...
