

Pat Green, Going Away

Lately im feelin' kinda broken
Like a man that swerves through the world
And I ain't got no explanation
And if I did I know I'd sound absurd
Yea but I can't change a thing
No matter what I do, you don't care what I say
I can't hide the pain anymore
Oooh, I'm going away
Just a need a way to keep the rain out
And land with both feet on the ground
But everytime I go and stand up on my own
You come along, you come along and then you knock me down
Yea but I can't change a thing
No matter what I do, you don't care what I say
I can't hide the pain anymore
Ohhh, I'm going away
Maybe I'd break out for the mountains
Maybe I could head to Mexico
When you comin' beggin', plead you said baby please don't leave
Well I made up my mind I made up my mind it's time to go
Yea but I can't change a thing
No matter what you do, I dont care what you say
'Cause I can't hide the pain anymore, ohhh i'm going away
Oohh i'm going away
