

# Pat Green, I Can't Change A Thing

Lately I'm feeling kinda broken  
Like a man out of sorts with the world  
I aint got no explanation  
And if I did I know I'd sound absurd

Yeah but I can't change a thing  
No matter what I do  
And you don't care what I say  
I can't hide the pain any more  
Oh I'm going away

Just need a way to keep the raid out  
And land with both feet on the ground  
Yeah but every time I go  
Stand up on my own  
You come along  
You come along  
and then you knock me down

Yeah but I can't change a thing  
No matter what I do  
And you don't care what I say  
I can't hide the pain anymore  
Oh I'm going away

Maybe I'd break out for the mountains  
Or maybe I could head for Mexico  
Then you come in begging  
Pleading you said baby please don't leave me  
Well I made up my mind  
Well I made up my mind  
It's time to go

Yeah and I can't change a thing no matter what you do  
I don't care what you say  
Cause I can't hide the pain anymore  
Oh I'm going away  
Oh I'm going away
