

Pat Green, It's Time

Well I think it's about time baby
Have things ever been this good
I think it's gonna get a lot better
Don't you think we should
Well just for grins I bought you these flowers
Got a table at the best place in town
There's a shiny ring in my pocket
And its got me coming unwound

Yeah I got a secret
And I gotta tell ya
Those little things that you do and you don't even know
Got me thinking lately
Well maybe its time to jump start forever
Maybe its time to let the good times roll
Maybe its time we lay these two hearts down
Well maybe its time

Well I hope to God that I don't crumble
There's a pretty good chance I will
But its time for this ((NO IDEA WHAT HE SAYS HERE))
Sign the papers and close the deal

Yeah I got a secret
And I gotta tell ya
Those little things that you do and you don't even know
Got me thinking lately
Well maybe its time to jump start forever
And maybe its time to we let your daddy know
Maybe its time that we lay these two hearts down
Well maybe its time

It's time I said this in front of God and everyone
I don't intend to ever let you go

Yeah maybe its time to jump start forever
Maybe its time we lay these two hearts down
It's time we seal this love we've found
Well maybe its time
