

# Pathos, Inject Reject

You and me try to keep our sanity  
One day we live and the other we try to runaway  
Lost, lost in the passion of love  
Chained to the passion of self destruction  
Rise; rise as we feel it inside  
Inject the fluid, it's time.  
Let's hide away...  
Blinded, blinded by light  
What we feel is not what we get  
Blinded, blinded by light  
Inject the fluid it's time  
Let's runaway  
Push the needle, it's time to  
Runaway  
And leave this day behind...  
Inject - Reject - Inject...  
You and me want to touch the eternity  
We keep on searching but nothing seems to come in our way  
Lost, lost in the warmth of it's love  
Chained to the passion of self destruction  
Forget; reject the pain we don't want  
Inject the passion, it's time.  
Let's hide away...  
Blinded by the light  
Blinded by the light  
Fill me up with your deadly love  
Blinded by the light  
Let's runaway  
Push the needle, it's time to  
Runaway  
Don't want to face another day...  
Inject - Reject - Inject...
