

# Pato Banton, Third World Country

Looking through my hotel window  
in a third world country.

Yes I&#039;m looking through my hotel window  
in a third world country.

The sun is shining the skies are blue  
and there&#039;s a cool breeze passing through.

The plants are green it&#039;s a beautiful scene  
seems like a nice place for human beings.

But there&#039;s people on the streets, no shoes on their feet  
they gotta hustle to get a little food to eat.

I know that things shouldn&#039;t be this way  
but what can I do, what can I say?

There are oh so many problems  
and I wish that I could solve them.

But even with inspiration,  
right direction and good intention.

No man is an island so won&#039;t somebody give a hand  
for the people in the third world.

There&#039;s people on the streets, no shoes on their feet  
they gotta hustle to get a little food to eat.

I know that things shouldn&#039;t be this way  
but what can I do what can I say?
