

Patrice, Another One

Off he goes
There goes another one
Bless you so
There goes another one
Off he goes
There goes another one
Bless you so
There goes - another one
One one-one one-one one-one

Is time to love
Time to give these words new meaning
Time to leave what of your zone of comfort
And come it's time to be great
Time to be strong
It's time to move
We all see what is going on around us
Time to clean-up the mind
Then the the house
Then the town
Then the country
And then the world

So, so off he goes
There goes another one
Bless you so
There goes another one
Off he goes
There goes another one
Down he goes
Down goes - another one
One one-one one one one one-one one

Is time for news
Cause what's on tv
Is time to bore me
Is one time for your mind
To look what's behind
And then form your task
And then walk the walk
Is time to go
For those who have gone already
See their way up might well be
The way down to hell
But me I'm not going down

Uh, off he goes
There goes another one
Bless you so
There goes another one
Off he goes
There goes another one
Down he goes
Down goes - another one heads the star
And is going down
And is going down
And another one's giving up
And is going down
And is going down
And another one's trying a chord
And is going down
And is going down
And another one no give-up

And is going down
Off he goes
There goes another one
Bless you so
There goes another one
Off he goes
There goes another one
Bless you so
There goes - one-one

Goes
There goes another one
Down he goes
Down with the other one
Off he goes
There goes another one
Bless your soul
There goes
Another one
