

# Patricia Kazadi, Go Crazy (Jim Beanz Remix)

Jim Beanz  
I just wanna dance

You know I've got what you want  
Maybe it's not what you need  
You fill me under your skin  
In every song every beat  
You know the energy rises  
Through the air that you breathe  
You know the melody is fine  
C'mon repeat after me

Everyone in the club go crazy  
If you wanna meet me x3  
Meet me, meet me  
If you wanna meet me

(If you wanna meet me)

This party ain't gonna stop  
So surrender to me  
Let inhibitions go wild  
If you know what I mean  
I don't care who you are  
There is no color no queen  
We are the rhythm of life  
C'mon repeat after me

Everyone in the club go crazy  
If you wanna meet me x3  
Meet me, meet me  
If you wanna meet me

(If you wanna meet me)

Night's go down  
The hour's gettin' late (the hour's gettin' late)  
Life's a party let's get naughty  
Don't stop don't hesitate

Everyone in the club go crazy  
If you wanna meet me x3  
Meet me, meet me  
If you wanna meet me

Everyone in the club go crazy  
If you wanna meet me x3  
Meet me, meet me  
If you wanna meet me

(If you wanna meet me)
