

# Patrick O'Sullivan, One Night, One Kiss, One Promise

I hoped  
That we might maybe find a bit more safety somewhere here  
And I suppose  
I should have spoken up  
I think I probably should have volunteered

Oh my God, I can't complain  
I appreciate that I'm not fazed  
I love it when you say that

Shadows ghost-like  
Hiding from the bedroom lights  
Can't explain this feeling  
Rest your head on my heart, it's beating  
Hair tossed in our eyes  
Never wanna close them  
Time to be honest  
One night, one kiss, one promise

(Oh-ooh, oh-ooh) Ooh  
(Oh-ooh, oh-ooh) One night, one kiss, one promise

We're close  
We've been feeling something moving as we made our way up here  
Though I'm still sold  
I see you struggle as you try to spit out something more sincere

Oh my God, we're both insane  
We appreciate we haven't changed  
I love it when you say that

Shadows ghost-like  
Hiding from the bedroom lights  
Can't explain this feeling  
Rest your head on my heart, it's beating  
Hair tossed in our eyes  
Never wanna close them  
Time to be honest  
One night, one kiss, one promise

(Oh-ooh, oh-ooh) Ooh  
(Oh-ooh, oh-ooh) One night, one kiss, one promise

Shadows ghost-like  
Hiding from the bedroom lights  
Can't explain this feeling  
Rest your head on my heart, it's beating  
Hair tossed in our eyes  
Never wanna close them  
Time to be honest  
One night, one kiss, one promise  
(Shadows ghost-like)  
(Hiding from the bedroom lights)  
(Can't explain this feeling)  
Rest your head on my heart, it's beating  
Hair tossed in our eyes (Oh-ooh, oh-ooh)  
I never wanna close them  
Time to be honest (Oh-ooh, oh-ooh)  
One night, one kiss, one promise
