

# Patrisha, Hush (Łotwa - piosenka na EUROWIZJA)

Hey, I fly easy in the wind  
Even with a heavy rain  
I can elevate  
Teardrops of pain  
Rain on me, oh

Set me free from this bottomless pit  
I wanna go  
To my my castle in blue print  
It's waiting for me

If I make it seem like it's not easy  
For me to show my soul

It's my way of saying to you  
That I'm just a broken girl

Hush, hush,  
Baby, don't you cry  
Promise you won't fall in love

Hush, hush,  
Baby, don't you cry  
Promise you won't fall in love

Hush, hush,  
Baby, don't you cry  
Promise you won't fall in love

Promise you won't fall in love

Hush, hush,  
Baby, don't you cry  
Promise you won't fall in love

Promise there will be no bad blood

Mirror me  
Let me into your sins  
The devil wears Prada  
I wear it like my skin  
And all the chaos within

Meet me halfway  
Tell me where to go  
Change our sense of time  
And let delusion grow  
We're gliding slow

If I make it seem like it's not easy  
For me to show my soul

Hush, hush,  
Baby, don't you cry  
Promise you won't fall in love

Hush, hush,  
Baby, don't you cry  
Promise you won't fall in love

Promise you won't fall in love

Hush, hush, hush  
Hush, hush, hush,

Hush, hush, hush  
Hush, hush, hush
