

Patrizio Buanne, Forever Begins Tonight

Forever Begins Tonight

We made a pact to take the time
To get to know each other deep inside
No rushing in to cross the line
It may be a little old fashioned but it feels so right

Bridge:

Been holding back for so long
What feels so right can't be wrong
Baby you can read it in my eyes
Let's write the story of our lives tonight

Chorus:

Don't be afraid, turn down the light
Baby move in closer
It's gonna be alright
This is the moment we'll remember all our lives
Forever begins tonight

I know you fear those butterflies
But let me tell you a secret, so am I
But it's OK
Baby it's alright
Just follow our hearts now
What we feel inside
Yeah

Bridge

Chorus

And I know we will be one
When we see the morning sun

Chorus

Don't be afraid
