

Patti LaBelle, Does He Love You

I've known about you for a while now,
Then he leaves me he wears a smile no,
As soon as he's away from me,
In his arms is where you want to be,
But I'm the one he rushes home to,
I'm the one he have his name to,
You never see his face in the early morning light,
I have his morning his babies,
And I'm the only one who has his nights,
Oh he doesn't love you like he loves me,
Though he might think of you when he's holding me,
You're just a part of his fantasies,
He'll never love you like he's been loving me,
And when he's with you he knows he needs me,
And that he wants me and he believes in me,
And when I'm in his arms oh he swears there's no one else,
If you think he'll ever leave me you're just deceiving yourself,
Oh he doesn't love you like he loves me,
Though he might think of you when he's holding me,
You're just a part of his fantasies,
He'll never love you like he's been loving me,
Should I loose my temper,
Shouldn't you be ashamed,
Cause I have nothing to lose,
And you have nothing to gain,
Oh he doesn't love you like he loves me,
Though he might think of you when he's holding me,
You're just a part of his fantasies,
He'll never love you like he's been loving me.
