

Patti LaBelle, I Don't Go Shopping

I don't go shopping for love
you're something money can't buy
I dream the colors in my dreams
are only shades of you
so I'm never blue

I don't care nothin
'bout goin' out
now that I've found out
what it's all about
hear me shout,
I've saved it all up for you
and if you feel like I do
well we're long overdue

I don't go wishing on stars
just want to be where you are
too many times it felt so right
but it was just the night
now I see the light

I don't care nothin
'bout goin' out
now that I've found out
what it's all about
hear me shout,
I've saved it all up for you
and if you feel like I do
well we're long overdue

I said we're long overdue
what about me?
What about you?
Long overdue....
