

# Patti LaBelle, I Don't Go Shopping

I don't go shopping for love  
you're something money can't buy  
I dream the colors in my dreams  
are only shades of you  
so I'm never blue

I don't care nothin  
'bout goin' out  
now that I've found out  
what it's all about  
hear me shout,  
I've saved it all up for you  
and if you feel like I do  
well we're long overdue

I don't go wishing on stars  
just want to be where you are  
too many times it felt so right  
but it was just the night  
now I see the light

I don't care nothin  
'bout goin' out  
now that I've found out  
what it's all about  
hear me shout,  
I've saved it all up for you  
and if you feel like I do  
well we're long overdue

I said we're long overdue  
what about me?  
What about you?  
Long overdue....
