

Patti LaBelle, Love Is Just A Whisper Away

People will tell you,
So many things,
Just to be closer to you,
Darlin' believe in me,
I'm gonna try,
To help you see your way through,
I'm on your side,
Anytime day or right,
Love is just a whisper away,
No need to shout,
That ain't what it's about,
Love is just a whisper away,
Really don't matter,
Where you may be,
You've got a friend in me,
Don't be shy,
I'll be here,
Stop on by,
All of your tears I'll dry,
No doubt about it,
No one should stand alone,
Come on in time of need,
My love will guide you,
When you can't find your way,
I'll move mountains for you,
If you just ask me to,
Baby let me do something for you,
I'm on your side,
Anytime day or night,
Love is just a whisper away,
No need to shout,
That ain't what it's about,
Love is just a whisper away.
