

Patti Smith, Within You Without You

[Originally by The Beatles]

We were talking about the space between us all
And the people who hide themselves behind a wall of illusion
Never glimpse the truth, then it's far too late, when they pass away
We were talking about the love we all could share
When we find it, to try our best to hold it there with our love
With our love, we could save the world, if they only knew

Try to realise it's all within yourself
No one else can make you change
And to see you're really only very small
And life flows on within you and without you

We were talking about the love that's gone so cold
And the people who gain the world and lose their soul
They don't know, they can't see, are you one of them?

When you've seen beyond yourself then you may find
Peace of mind is waiting there
And the time will come when you see we're all one
And life flows on within you and without you
