## Patty Loveless, I Did

(Patty Loveless)

Whoever needed you
Well I did
Whoever wanted you
Well I did
Who said she loved you
More than anything
And be true
Well I did
Yes I did
Oh how I did

Who laid up many nights Crying for you Well I did Oh how I did Who was the fool To give so much to you Well I did Yes I did Oh how I did

Who said she loved you More than anything And be true Well I did Yes I did Oh how I did

If anyone on earth Could make me happy Baby you could And if we had a chance And who would wait forever Honey you know I would

Who said she loved you More than anything And be true Well I did Yes I did Oh how I did

Who said she loved you More than anything And be true Well I did Yes I did Oh how I did
