

# Patty Loveless, My Kind Of Woman / My Kind Of

You don't need diamonds or big fancy cars  
You say you're happy right where you are  
We're bound together by a little gold band  
You're my kind of woman and  
You're my kind man

Oh living without you is my only fear  
You still drive me crazy when I hold you near  
My body trembles with the touch of your hand  
You're my kind of woman and  
You're my kind man

You're my kind of woman  
You're my kind man  
A match made in heaven  
By God's gentle hands  
I'll love you forever

Together we'll stand  
You're my kind of woman and  
You're my kind man

You're my kind of woman  
You're my kind man  
A match made in heaven  
By God's gentle hands  
I'll love you forever  
Together we'll stand  
You're my kind of woman and  
You're my kind man

You're my kind of woman and  
You're my kind man
