

# Patty Loveless, You Will

(Pam Rose/Mary Ann Kennedy/Randy Sharp)

When you know and you will  
It wasn't meant to be  
When she walks and she will  
You're gonna come to me

When she lies and she will  
When all is said and done  
When you cry and you will  
You're gonna want to run

So go ahead and do what you gotta do  
It's really not up to me  
But the day will come when you finally see  
Where you want to be  
When you're gonna be back  
When you hurt and you will  
Who's gonna sympathize  
Well she won't but I will  
Then you'll realize

So go ahead and do what you gotta do  
It's really not up to me  
But the day will come when you finally see  
Where you want to be  
Then you're gonna be back

I know you will  
I just know you will

So go ahead and do what you gotta do  
It's really not up to me  
But the day will come when you finally see  
Where you want to be  
Then you're gonna be back

When you know and you will  
When she walks and she will  
When she lies and she will  
When you hurt and you will  
I know you will  
I know you will
